- **Coaches:** Please arrive early enough to walk up to the meadow contest site, complete registration, have students pick up their promotional item, and be ready at **9:00** for the group picture. Announcements are at **9:10**, then at **9:25** students will have 5 minutes to walk to their first station before the contest begins at **9:30**.

Have them immediately write their names on all ten of their stickers and wear one of the stickers as a name label.
- **Students:** At each station when the tests are handed out, place one of your Identification Stickers on the form and write your name legibly. Tests without names or labels are given a zero. *Any student who changes their assigned color group will be disqualified.*
- A separate table near registration will be set up for promotional items for contestants. Registration packets will include an extra identification sticker that students turn in at the promotional table. Please have students pick up a promotional item right after they are registered.

Be Prepared for the Weather!

As you all know, the spring weather in northern Idaho can be very unpredictable. Please encourage participants to bring extra warm clothes in layers, and water-proof shoes or boots if possible – the meadow is still covered in snow as of April 3rd. Also bring **rain gear** - just in case. The weather can change quickly. Tents will be set up at each station, but coaches are encouraged to bring large garbage bags to be used as raincoats for students who forget to bring rain gear.

What To Bring

Participants should bring two pencils, a clipboard, a calculator and a water bottle. Clipboards can be made using thin board, a clip on the end, and a piece of acetate to cover the test in case of rain.
